

East Hertsmere 16-19 Consortium

Sixth Form Application Form 2011

You must read all the information on this application form carefully. There is information on the courses and subjects available for September 2011. If you do not have one already, ask for your Consortium Prospectus which has a lot of valuable information to help you make your choice of courses.

There are three sections on page 2 of this form and the following notes will help you complete these sections:

Section 1: Personal Details

This section contains personal details which will ensure a smooth transition from Year 11 into the Consortium.

Section 2: Predicted / Estimated Grades

To ensure that you are aiming at subjects at the appropriate level, please complete this table with the subjects you are currently taking and your predicted/ estimated grades. Entry requirements for courses in the Consortium can be found with course outline descriptors

Section 3: Course Choice

This section allows you to state clearly which courses you would like to choose. You must use your estimated grades to indicate the level of programme you should be applying for. You should use the subject grid to select your subjects, find out what Block they are in and where they are taught.

- You must only complete one of the tables 1-2
- Students choosing AS Levels/BTEC/OCR National courses must only select one subject from each block and should refer to the entry grades when considering courses.
- The BTEC National Sport and Health & Social Care courses are taught over two blocks and students must select both if they wish to do these programmes.
- The above would also apply for students electing to study double awards in either Media or Business
- The number of AS/ BTec courses taken will be influenced by results at GCSE and the resultant points score. You will be advised as to your average points score at a later date.

East Hertsmere 16-19 Consortium

PLEASE USE BLOCK CAPITALS IN BLUE OR BLACK INK
