

## Key Stage 3 Homework Assignment Information

<b>Student Name:</b>	<b>Target level</b>	<b>Year Group:</b> 7
----------------------	---------------------	-------------------------

Subject	Date Set	Deadline	Teacher
ICT	30.1.12	27.2.12	Miss Anwari Mr Evans

<b>Assignment Title/Theme: Use of ICT in the planning for the Olympics 2012</b>
---

**Objectives: To research and investigate the use of ICT in planning and preparation for the Olympics**

**Areas to investigate:**

- Communications and Broadcasting
- Security
- Tickets and Access
- Advertising
- Discuss the impact the hosting the Olympics has on the ICT industry in the UK

<p>Choose one category from the list above and create a report of 300 words, discussing how ICT was used within these areas. For example: A website was designed where people could purchase tickets online, giving all applicants an equal chance of acquiring a ticket for the events. (Areas to consider: did everyone get an equal chance? Think about those that do not have access to ICT facilities)</p>	<b>Level 3-4</b>
<p>Choose two categories from the list above and create a report of 500 words, in which you discuss how ICT was used with these areas. For example look at how ICT is used for security in the selection of the volunteers for events (those with criminal records would most probably not be chosen to assist at these events).</p>	<b>Level 4-5</b>

Choose three categories from the list above and create a report of 800 words, in which you discuss the use of ICT in each area. You must provide appropriate examples of how ICT was used in the planning stages for the Olympics.	<b>Level 6-7</b>
Create a Power Point Presentation in which you identify four projects where ICT was used to help assist the planning and preparation for the Olympics. Your presentation must include references to organisations that undertook these projects. You must also evaluate whether ICT was used appropriately in the planning of these projects.	<b>Level 8</b>

**What you have to do to succeed:**

Use varied resources to carry out research into the use of ICT during the planning of the Olympics. Spend at least 3 hours on your homework. Check your report for spelling and grammatical errors. You must use font size 12 and font style Arial with 1.5 line spacing. All pages must include a header with the heading of your report and footer with your name and form.

**Resources and Websites:**

Computer  
Internet  
Magazines  
Newspapers

**Department guidance for parents:**

The aim of this assignment is to get students to think about the use of ICT when organising large projects. We expect all students to complete the homework using ICT.

**General guidance for parents**

You can help by:

- Ensuring at least 3 hours are spent researching, developing, drafting, reviewing and producing homework to the best standard possible.
- Making sure work is handed in by the deadline.
- Noting at the end of the homework any problems experienced by the student.
- Checking there is no plagiarism, ie, downloading/copying from the internet or books.

Students should read the material, make bullet points, write rough notes in their own words, draft and then develop these notes in their own words into their final piece. Plagiarism leads to coursework being disqualified at GCSE/A level. Plagiarised work

will not be accepted by teachers.

Please do not:

- do any part of the work for your child
- give extensive guidance; the student must be able to understand the task for themselves and teachers understand what students can/cannot do.
