Assignment Title/Theme: E-Safety and Cyber bullying

Objectives:

To understand the different ways that Cyber bullying can occur
To promote ways to safe on the Internet

Create a PowerPoint presentation on What is Cyber bullying and ways to stay safe on the Internet. Your presentation must be at least three slides and include both images and text.	Level 3-4
Create a PowerPoint presentation on What is Cyber bullying and ways to stay safe on the Internet. Your presentation must be at least four slides and include both images and text. Your presentation must also include animations and slide transitions.	Level 5-6
Create a PowerPoint presentation on What is Cyber bullying? And ways to stay safe on the Internet. Your presentation must be at least five slides and include both images and text. Your presentation must also include animations and slide transitions; you MUST also use a master slide as a template for all slides. Your work should be printed as handouts and annotated to show the use of animation and justify your reasons for choosing specific font styles, size and colour.	Level 7/8

What you have to do to succeed:

Your target audience are your peers, so remember when you create your presentation, you need to think about the content, colour, language and images used to help meet this target.

General guidance for parents

You can help by:

- Ensuring at least 3 hours are spent researching, developing, drafting, reviewing and producing homework to the best standard possible.
- Making sure work is handed in by the deadline.
- Noting at the end of the homework any problems experienced by the student.
- Checking there is no plagiarism, ie. downloading/copying from the internet or books.

Students should read the material, make bullet points, write rough notes in their own words, draft and then develop these notes in their own words into their final piece. Plagiarism leads to coursework being disqualified at GCSE/A level. Plagiarised work will not be accepted by teachers.

Please do not:

- do any part of the work for your child
- give extensive guidance; the student must be able to understand the task for themselves and teachers understand what students can/cannot do.
