

November 2007

All students taking public examinations in January 2008

Dear Student

GCE & GCSE Entries for January 2008 exams

Please find enclosed:

an examinations timetable for January 2008

Statements of Entry for all the examinations for which you have been entered

- it is essential that you check that the personal details (especially the name given and your date of birth) are accurate. This is the information which will appear on the examination certificate
- the Statement of Entry shows the title of the paper(s) being sat, the date and time of day of each exam and the duration of each paper. Where the phrase "not timetabled" is used, this indicates that this is a coursework or practical element

a JCQ Notice to Candidates covering the rules and regulations regarding public examinations (including a list of items such as mobile phones and other electronic equipment) not allowed in the examination room

The cost of each examination varies between £8 and £17 and the school reserves the right to pass this cost on to any student who does not attend an examination without a valid reason.

Yours faithfully

P Baker
Headteacher

P P Littlefair
Examinations Officer

Exam Planner – January 2008

Morning (8.45am)	DATE	Afternoon (1.15pm)

Exam Planner – January 2008

NOTES:

1. Examinations will begin promptly at the times stated in the timetable.
2. Attendance registers will be kept for all examinations. There will be a short delay at the start of all examinations to ensure that all candidates are seated correctly.
3. You must not take into the examination room any unauthorised material or equipment. **MOBILE PHONES** must be left outside the examination room. **Failure to do so will result in disqualification.**
4. You must not communicate with or disturb other candidates at any time during an examination.
5. Some afternoon examinations will continue after 3pm.
